

Thanks for Considering to Join Our Team!

2010 Campaign for Brave Hearts

www.PeoplesBurnFoundation.org

Jeff Saturday, Indianapolis Colts
Foundation Supporter & Spokesperson

Our Story

Della Wright, a burn survivor in Indianapolis, IN, founded The People's Burn Foundation after suffering the loss of two of her three children in a 1991 apartment fire. The Foundation is in memory of Della's children – Nicholas and Mary. In 1997, The Foundation was established as a 501(c)(3) nonprofit organization to assist people affected by fire devastation and burn injuries.

Our Mission

"Healing Lives One Brave Heart at a Time"

Our Vision

To foster, support and provide programs for people affected by fire devastation and burn injuries in Indiana; and to promote local and national education, training and prevention programs for families, firefighters and college students

Our Programs

Helping Brave Hearts Heal – Supports burn survivor patients (and families) at Central Indiana's hospital burn centers; collaborates with American Red Cross and other agencies to provide assistance to families affected by fire devastation

Brave Hearts Camp – Specialized residential summer camp (Bradford Woods, Martinsville, IN) for burn survivor children to heal from physical and emotional scars by providing opportunities "just to be kids" with volunteer counselors comprised mostly of firefighters

Adult & Child Burn Survivor Support Groups – Monthly meetings and other activities led by licensed therapists to provide opportunities to discuss topics specific to burn survivors in safe environment, gain and give support, and allow time to share and network with others

College Fire Survival – Online education resource for burn and fire safety to help save lives of college students – www.IGot2Kno.org

Firefighter Training – Online education series for burn and fire safety to help save lives of firefighters – www.PBFEducation.org

Our Need

Corporate and individual partners to help fund programs to support people whose lives have been devastated by burn injuries and fire devastation; sustain national education programs to help save lives of college students and firefighters
